Abnormal Event Report No 08507830

The process operation currently offline awaiting completion of the periodic Review of Safety (PRS) actions.

The PRS identified one Category 1 shortfall against modern standards and six lower category shortfalls.

An action plan ref PRS/C1/AP/08 is in place and being tracked and managed on the PRS shortfalls register.

No further actions were placed following this event as the aforementioned PRS action plan covers the issues identified by the Abnormal Event Investigation
