29 May 2008

Dear Sir / Madam,

**Land Use Planning Consultation with Health and Safety
Executive [Town and Country Planning (General Development
Procedure) Order 1995 (as amended), or Town and Country Planning
(General Development Procedure) (Scotland) Order 1992 (as amended)]**

Thank you for your correspondence regarding the proposed new conventional manufacturing rationalisation facility at Atomic Weapons Establishment Burghfield, received at this office on 29 May 2008. We have now considered the proposal and are able to give the following response.

As the proposed development is within the Detailed Emergency Planning Zone (or Outer Zone where one applies) of a licensed nuclear site, the details of the consultation have been forwarded to HSE's Nuclear Safety Directorate for their consideration. They will send a response direct to you, I suggest that you do not determine the application until you have received that response. They can be contacted by telephoning 0151 951 3290.

If you have any queries related to this letter, please contact Paul Ventom on 0125 640 4066 at this office.

Yours faithfully

MR NR MARSH
HM Principal Inspector of Health and Safety

 PADHI Planning Advice for Developments near Hazardous Installations	PADHI preliminary result
--	---------------------------------

PADHI Result for this development : Do Not Advise Against (DAA).
