Construction of MPF and ancilliary facilities

Dear Mr Pearson,
Thank you for this consultation which follows earlier information and the meeting in Newbury last April.

As I indicated then, my only concern relates to the construction traffic which will utilise M4/J12 as the agreed hgv route. Some of these vehicles will be large and may involve Abnormal loads. Please therefore ensure an Informative condition to require notification to our Agents and this HA office when the timings of these movements are finalised, particularly those requiring escorts, route planning etc.

Please keep us informed on any Construction Logistics issues/developments in due course.

Yours sincerely,

Francis Porter, Development Control Officer
