Clive

Thanks for the reply and yes we are aware that they have a Fire Station on site. The comments we put on their applications are standard.

I hope this clears the matter up

Many thanks

Peter

Peter,

Please see the attached response that I have received from the applicant on the above application. Please let me know if you have any further comments. Thanks, Clive Clive Inwards Principal Planning Officer

Subject: Planning Application - 08/02287/COMIND: Project Mensa

Clive

I note the response from West Berkshire Fire Authority.

I can confirm that AWE has its own on site Fire Station and associated equipment at Burghfield. The Fire station is approximately 350m from the centre of the replacement Main Production Facility. I do not therefore believe that the WBFA response is valid.

I am happy to discuss this matter with the Fire Authority if required.

John Steele
Planning and Development Manager
