From: Arthur Cullen – Senior Tree Officer

Ext: 2675

Planning Application No: 09/02396/COMIND

Proposal: Replacement facility for the storage and handling of enriched uranium covering 18,489 sq m gross floor space on a 10,496 sq m footprint, including office accommodation, storage facilities, material handling areas and ancillary support services. Construction related infrastructure is also proposed including access roads, construction compound, fencing, gates and ancillary facilities.

Address: AWE Aldermaston, Aldermaston, Reading, Berkshire

Case Officer: Clive Inwards

Comments with Regard to Trees and Landscaping.

The location of the proposed building doesn't have a direct impact on trees, so there are no Arboricultural constraints with the site, the level of proposed landscaping around the building needs to be clarified and the wider landscape issues will also need to be covered but I'm aware that the landscape consultant Bettina Kirkham is dealing with these issues and will cover these points as part of her consultation.

I have no objection to the application
