UKLO, STRAT SYS/IPT and NOTC pursuant to, and in accordance with, the policies contained in reference a and as amplified in this instruction.

b. (U) Disclosure of sanitized OPLAN 8010 nuclear information within the scope of this guidance may be made:

(1) (U) Upon the determination that additional information is required by SHAPE or UKLO to ensure timely and effective multinational nuclear force coordination.

(2) (U) At the request of the US National Military Representative to SHAPE. Information disclosed must also comply with the guidance contained in paragraphs 3 and 4 below.

c. (U) Requests for information not covered in this instruction will be referred to the Chairman of the Joint Chiefs of Staff for decision. A proposed release format and description of content will accompany each request.

3. (U) Restrictions. The foregoing delegation of authority is limited as follows:

a. (U) The release of information must comply with reference b.

b. (U) All OPLAN 8010 information must be sanitized in accordance with instructions contained in paragraph 4 before release in any format.

c. (U) In order to protect intelligence sources, information pertaining to the specific selection criteria for facility inclusion in the National Target Base must have prior approval of the Chairman of the Joint Chiefs of Staff before release.

d. (U) Information extracted from Appendix 1 to OPLAN 8010 Annex C must have prior approval of the Chairman of the Joint Chiefs of Staff before release.

e. (U) Release of OPLAN 8010 data containing [REDACTED]

(b)(1)

JCS  
b.1

4. (S) Sanitization Instructions. The Chairman of the Joint Chiefs of Staff has determined that the following OPLAN 8010 information is not releasable in any form by USSTRATCOM to [REDACTED]

(b)(1)

JCS  
b.1

a. (U) Weapon system reliabilities and Circular Error of Probabilities for those US weapon systems committed to the current OPLAN 8010.
