Atlas Centre, Chilton,
Didcot, Oxon OX11 0QS

Telephone:
+44 (0)1235 822 278

Fax:
+44 (0)1235 822 399

Division:
Production Services
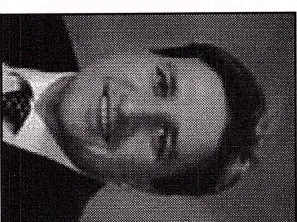

Andy Bone joined UKERNA as the CERT manager in March 2002. He is responsible for the JANET-CERT, which provides advice and support on computer security mechanisms, threats and incidents to customers in the UK, and (under contract to HEANet) Ireland. This includes collaboration with other incident response teams, presentations and training on computer security. He is currently the Deputy Chairman of TF-CSIRT, the TERENA Task Force for European CERT's and the UKERNA Representative on the Internet Watch Foundation (IWF) Funding Council.

Andy joined UKERNA after a career in the RAF where he was employed at various Units within the UK and abroad. These included periods with the Nuclear Operations and Targeting Centre (NOTC) as system manager and more recently as the Computer Bureau Manager at RAF Bentley Priory. He has a degree, and a diploma in computing from the Open University, is a Member of the British Computer Society (MBCS), a Microsoft Certified Systems Administrator (MCSA) and CompTIA Security + certified.
