

BBC Radio 4 2000 2/12/08

- 3.20 Re V target of Res N Fleet HQ with Blue Streak
~~the~~ port of no return Scudlin Norway/Denmark
- 6.10 Not enough fuel to come back (all here)
- 8.15 Corsham bunker -
- 13.42 'fated, pointless to retaliate' .. 'to target
but pointless to retaliate'; could say par ^(spans) could to Australia.
- 14.02 Queensland - brief 3 PMs - last read alley -
retaliate / don't we don't / put yourself under it
of Australia covered it par;
- 16.40 Lord Guthrie to Blair - boats deployed + ready
to do - 2 alternate decision makes
- ^{alternates} restored after 9/11.
- 18.20 Keally - would find it so difficult to devote to
us a no + had to make then though you
would be then, even though you wouldn't
- what if bonds could be used
→ 'No reason for doing something like that, most
people indeed would be curious'.
- No one knows what is in letters + destroyed when
leave office
- 20.50 Callaghan - it needed det would have failed
- if you got to that point I would have done it
ahead of PM authorising release via mod →
Lord Guthrie - CDS would ensure order not obeyed
→ PM doesn't get sad to put bull
- alternate authority for power is Queen
- PM couldn't directly deal with heart at sea
- If I thought PM was mad I wouldn't par
on.

Your PS/CAS
x Del Jan

What if authentic information issued - + office
won't follow inlets

23.50 Toby Elliott - re Sub cards - some would
go to Pol - some become sub cards
- other would be ended sea-going career.

25.00 DASO with AS - Skipped as AS elicited response
- "Ah ^{new} thinky gook this could be for real

26.00 Northwood - TF 345 Ops Room.

2 on radio - to pan info to SSOR or pbl
+ to ensure his my recorded + passed on in
timeable diribd.

28.30 - Msg from Cont Emerg Room (MOD banked)

- Msg put on gut + authenticated -> the
ambiguity broadcast.

- Redundancy built in sure

30.50 - If Northwood deployed - Sub Card returns
lets

32.30 On Vanguard. - WOO - would expect ramp up
in world situation, not bold from blue;
- would expect our homes + families would be
there when we get back;
Van now on pbl.

35.30 Current route

1st package shelled / missing spin up,
