Potassium Iodate Tablets

Attached are 2 pages from the Faslane Clyde Public Safety Scheme.

Dr Keith Baverstock is a leading expert in this area. He advises the World Health Organisation on radiation standards. Last year he told me that he would be advocating a lower level of intervention for PIT distribution.

He is based at the World Health Organisation in Rome. I have 2 e-mail addresses for him:

One of the best people in Scotland to speak to on this is Dr David Sumner, tel
