Dear John,

Here's the article about Russian submarine monitoring. I spoke to  This evening and he said he's put together a briefing paper and has gotten the Gpeace office to write to the Russian embassy + the Foreign Office re: Alexander Nikitin. He also has address for Bellona and thinks they may have an e-mail address - he said he'd 'find it and send it to you' - ~~if~~ if you don't hear from him in a couple of days, give him a ring or ring me and I'll call & nag him!

P.S. Could you make a photocopy of this and send it back to me? I'd like to take it to H'burgh CND meeting ~~so~~ so we will write as a group.
