

Military site Emergency Exercises under REPIR 2005 - 2007

"Programme of Nuclear Emergency Exercises [47kb] A programme of exercises at UK nuclear sites is carried out to test emergency readiness. Level 1 (civil) / Grade C (MoD) exercises are tests of nuclear operator's on site arrangements and are witnessed and assessed by HMNII and /or MoD as appropriate. Level 2 / Grade B exercises test off-site response plans made under the Radiation (Emergency Preparedness and Public Information) (REPIR) Regulations 2001 and are assessed by HMNII. Each year one Level 2 and one Grade B exercise are upgraded to also test Lead Government Department response arrangements and are identified as Level 3 or Grade A respectively."

Other exercises may take place under different headings and at sites not listed.

Date	Location	Licensee	Level	Exercise Name
