Dear 

Thanks for your letter of 10 April & enclosure.
It was somehow comforting to know that the
UKWMO exercise was meant to be on all weekend
even if the Scots finished it early!

Anyway, I'd taken pens & paper along to the
bunker, so each person wrote a letter to the
Scottish Sector Controller, & each got a long, ^{individual,} h
(+ rather unguarded) reply from Mr. 

Interesting! Encl. one of them for your perusal.

Re. my yellow exhibition, glad it was useful,
& of course if I want to keep it safe I
should lock it up in my own filing cabinet.

Anyway, no use billing you for materials —
the photos were useful, but no monetary value.

If it does turn up, please send! Cheers
