

The Wargame

The WARGAME WAS made in 1965 and we haven't had a nuclear war yet. So perhaps you think the 'deterrent' is working. Think again.

WARS-since we've had the 'deterrent' it has failed to deter over a hundred 'conventional' wars in which millions of people have died in various parts of the world.

ACCIDENTS-Because of the 'deterrent' there have been several nuclear 'near misses' due to radar signals in early-warning systems being misinterpreted.

RISKS NOW-But anyway, today's nuclear weapons are faster, cleverer, more accurate and so more dangerous than the crude big bombs of the 60's, because the generals are now

tempted to risk 'limited' nuclear war, or even nuclear 'first strike'

INTERNATIONAL TENSION-By continued build-up of arms, there has been a real increase in East-West tension - certainly we are further away from lasting peace.

DANGERS-There is now a greater danger through the spread of nuclear weapons.

Besides the main nuclear powers, new countries like India, Pakistan, Israel and South Africa can now have nuclear weapons. So with more fingers on the button, sooner or later, someone will press it.

ACTION-Clearly the message of THE WARGAME is more urgent in the 1980's than it was in the 1960's and calls for YOUR ACTION NOW... See Overleaf.

What you can do

1. As the film points out, one of the main problems facing anti-nuclear weapons campaigning is the SILENCE on the subject. The film itself was a victim of this conspiracy of silence - IT WAS MADE FOR, BUT NEVER SHOWN BY THE BBC.

You can make your feelings known on the subject by writing to the BBC. The address to write to is The Director General, BBC Television, Portland Place, LONDON W1

2. Try to arrange more showings of the film - Scottish CND has a copy for hire from: Nancy Dargerfield, 2 Merland Drive, KIRKINTILLOCH, G66.

3. You can join the Campaign for Nuclear Disarmament, and add your efforts to fight against nuclear weapons. We have a large membership and groups all over the country. Write to us for details:

SEND THIS FORM TO: SCOTTISH CND 420 SAUGHIEHALL STREET, (Third Floor) GLASGOW.
