

BAN ALL NUCLEAR WEAPONS

THERE IS no defence against nuclear weapons except nuclear disarmament. Our tiny island is crammed with nuclear bases all of which are acknowledged by the Government to be certain targets in a nuclear war.

Every new development in the nuclear arms race brings war nearer. But there is hope, war is not inevitable. A massive awakening of the British public is needed and is beginning to take place. In the end you have only two choices, give up hope or do your bit by joining the Campaign for Nuclear Disarmament. Fill in the form below and we will put you in contact with a group of like-minded people in your town.
